August 13t /55 300 Clenderan Ave., Toronto 9, Ont. Dr Burleigh Batt, Out. Dear Sir Might al begin by introducing myself and Then relate The purpose of this letter. My name is Douglas Hughes and am a student at the School of Architecture at the University of toronto. Part of our course in the school is the measuring and recording of some historical building. Through the Architectural Society I arranged to measure up the Conrad Huffman residence now owned by Mr. Crawford Smith. Fast July gt weekend my brother and myself completed the measuring portion of the project and I am now involved in making up the deavings of the residence. Now to the purpose of my letter to I have been told that you are very

interested in the historical background of Bath and the building which give physical evidence of the age and interest of Bath itself. I would be pleased indeed if you could therefore, write to me and give me any information that you might have on the Huffman family and their residence. Any information that you would be able to give, would interest me personnally- as well as add to the drawings and notes which I will be handing into the School and hence to the Society; May I take this chance to thank you before-hand for you interest and assistance

Yours respectfully Louglas Hughes.

For

Kingston Mar 20th

Dear Mr. Burleigh:

Thanks very much for your attention to my hastily completed application of March 3rd - I enclosed a typed copy for further consideration.

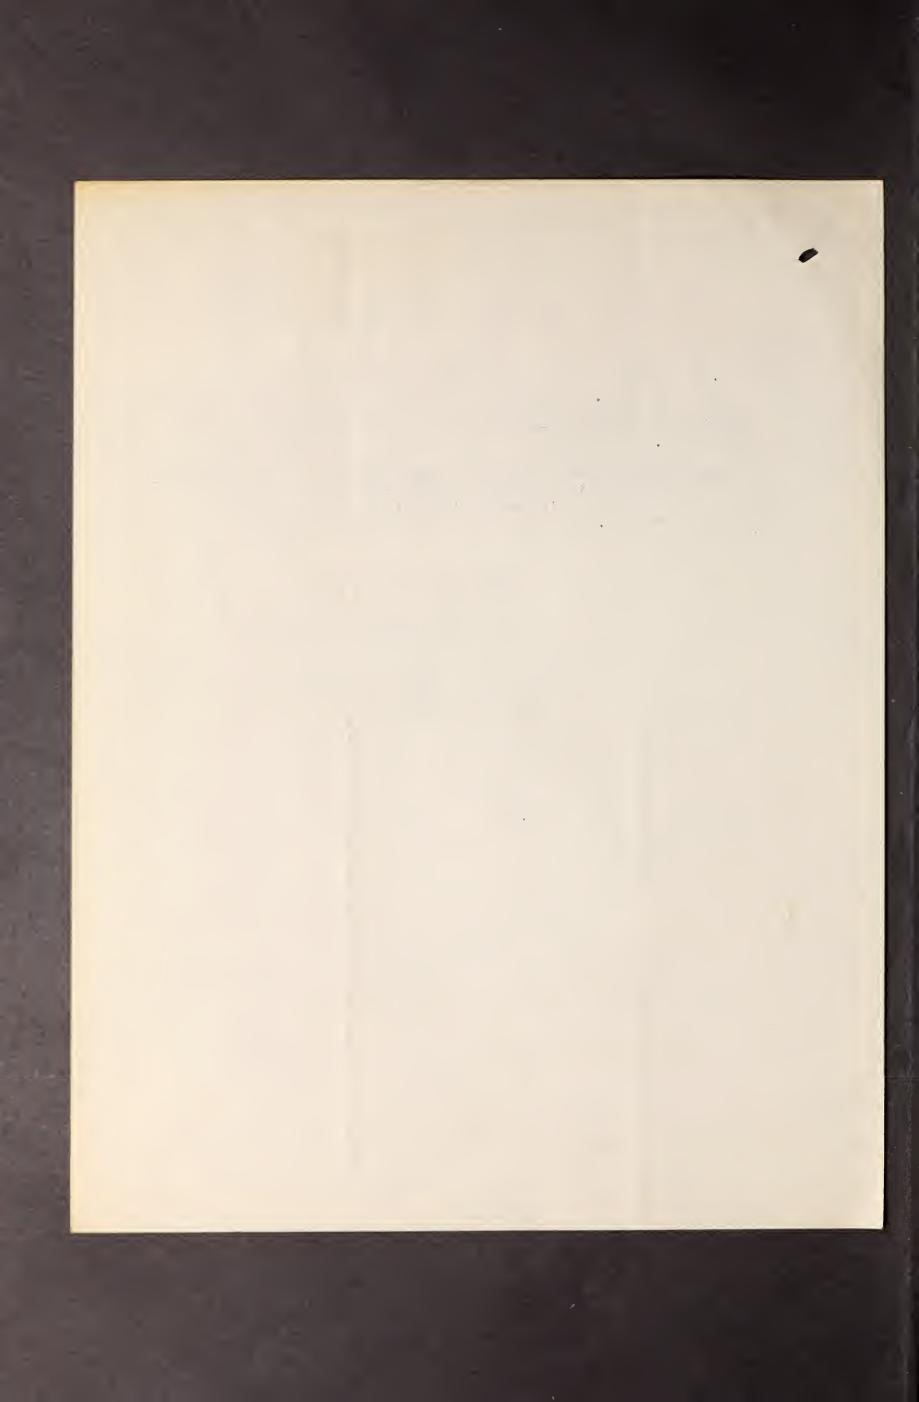

I have tried without success to find records of David Huffman. There is a reference in the Canadian Archives to David giving evidence in support of his brother's claim but it is not of particular interest. Can you suggest any source material?

Yours sincerely

Bath, Ontario, 26 "arch, 1957. r. Donald Ross, 158 University Ave., Kingston, Ont. Dear sir: Please recall the contents of your letter of 20th inst., requesting sources of information about David Huffman, U. E. A review of my file on the Juffman family relative to David Muriman reveals that my knowledge of him came from the following sources: 1. Hinutes of the Committee of Correspondence, Albany County, H. 13. Mar Office Papers. Public Archives, Ottawa. That is all 4 can think of at present. Lou must remember that each of those references supplies on isolated fact about David Juffman, and that it is only when they are arranged in sequence that a clearer picture of the man appears. For Frs. Foss, this message. The only ancestor who is of loyalist descent (without further search) is Hannah, wife of Pev. Robert LeDowell, and daughter of Benezer Wash-burn, of Fredericksburgh and Vallowell Townships. There very possibly are others on the feminine side, in the Lazier-Sprague and LeDermid branches of your family. This could only be decided by preparing your descent from these early families. In the meantime you could rightfully submit your application at any time, previded you know the generations between Tev. . concil and yourself. Yours sincerely. I. C. Burloigh.

Dear Dr Burleigh:

Re Mrs Miller - Stella Ont,

I have carefully examined the breast both by palpatory and transillumination methods.

I cannot find any new growth - nor any evidence of mazoplasia. I believe this to be one of those cases of painful breast - (at times) - though not related to the menstrual neriod.

I would suggest better support by brassieres and once per week a plaster of warm antiphlogistine might be spread over the breast and covered with soft lint. This dressing ought to remain in place about one day. If necessary it might be repeated.

Yours very truly

The Napanee Beaver, Napanee, Ont., Canada.

Dear Sir: - This may sound as a strange request, I would like to take a subscription to your newspaper. Could you tell me the price?

The reason? Well, Nettie Rogers, of your city, is my great aunt, the sister of my late granmother. Bertha Huffman Westmoreland, who had lived in Napanee years ago and up to her death had taken

your paper.
I'm interested in genealogy and find that our ancestors have lived in Napanee or near there, since going to Canada from the United

States. The old pioneer, Charles Hoffman, went with other U. E. Loyalist exiles, in 1773. He settled on a farm that is known as Campbell's Hill. It was on this farm that all his children, except his youngest was born. Well, to shorten the tale, his youngest son, Isaiah Hoffman donted a section of ground to the Grace Methodist Church, which is now known as Riverview Cometery This Elias Hoffman was my fourth great-grandfather.

Our families have lived around an interesting polynomial Napanee a long time and they still ads, news of North do to a certain extent, and from time to time, their names appear international new time. in your newspaper, and I would like to have the articles.

Treasure of Information On Early Pioneer Living

By MARGARET WAKELIN ters of William Hinchey of Enterpicture of the prospects here for the early 1800's from Ireland and themselves in the new land.

Mrs. Roy Judge of Moscow left a treasure of information on the practical aspects of making a daily living here. The papers point up the fact that the settlers had many of the same problems that face families today, in high prices for the times and the family desire to give children greater opportunities for a better living.

On a back leaf of a common prayer book published in 1826 is written in fine, spidery, Spen-cerian spirit: "Baptist Hinchey and his wife Eliza, emigrated for British America on Thursday, 19 of May, 1836".

 Also included in the emigrant's possessions was "The London Universal Letter Writer", a variety of easy, entertaining and familiar original letters, adapted to every age and situation in life, but more particularly on education, business, love and friendship; together with useful forms of business and complement.

It also has listed the quarter days of the old style listed as: Michaelmas Day, Oct. 11 and Old Christmas Day, Jan. 6."

The new style quarter days are mer Day, June 24; Michaelmas Day. Sept. 29 and Christmas,

William Hinchey's letter from your country'. his father in Artissoley, Ireland, written on July 6, 1849 in part

reads, "Your Mother was poorely MOSCOW-The books and let-since old Christmas night but never was bedfast until a week prise, who died in 1936, turn back before the fourth of June when the pages of Lennox-Addington she departed this life about three history to present an intimate o'clock in the morning. She was Mrs. Hinchey, foster parents of not afraid to die as so many are. She was quite reconciled to go Dear, do not be fretting about her as it is of no service whatever. God has thought best to remove her out of this weary world"

Complaints of the high cost of living are detailed in a letter from Hinchey's brother who landed in New York in 1852. The letter also states, "Dear Brother and Sister, I take this opportunity of writing these few lines to you to inform you that have left the Old Country on the eighth day of April last and landed in New York on the last day of June". After relaying the news from home that everyone was well an inquiry is made on conditions in what is now Canada.

The letter continues, "Let me know how land sells and what you think of the quality of it as I intend to purchase a place in the country. Prices of provisions in this part are very dear. Butter is selling from two shillings; flour race on skates for a purse of \$90. of 196 pounds, five and a half dollars best quality; ham is from 12 pence to 14 pence; mutton the "Old Lady Day.
